

**FREE EDUCATIONAL SEMINAR IN HOLLISTER
SAN BENITO COUNTY WATER DISTRICT**

Mobile Education Center

Water and energy resources are closely connected – this is known as the **WATER-ENERGY NEXUS**. Attend this FREE seminar and learn more about this relationship including:

- Three Big Ideas to save energy while pumping
- Variable Frequency Drive (VFD) demonstrations
- Reading SmartMeters to determine HPin and OPE
- Info about PG&E Energy Efficiency Programs

The event features live demonstrations using the CIT Mobile Education Center (MEC).

The seminar is geared towards agricultural pump field personnel however other personnel with budget responsibilities as well as designers, engineers, turf or other pump users are also encouraged to attend.

WHEN: Thursday, March 14th, 2019

This program is funded by California utility customers and administered by PG&E under the auspices of the California Public Utilities Commission.

Visit www.pumpefficiency.org or call (800) 845-6038 for more information

California consumers are not obligated to purchase any full fee service or other service not funded by this program. The Advanced Pumping Efficiency Program (APEP) is funded by California utility ratepayers under the auspices of the California Public Utilities Commission. APEP has been extended through 2019 as a PG&E Customer Energy Efficiency offering, funded through the Public Purpose Programs Charge under the auspices of the California Public Utilities Commission. Call APEP at 1.800.845.6038 or log on to www.pumpefficiency.org for information regarding eligibility, educational seminars, pump tests and incentives for pump retrofits. Eligibility extends to agricultural, large turf and municipal (including tertiary-treated water) water pumping customers with PG&E electric or natural gas accounts. Residential, commercial, industrial process, primary sewage and secondary sewage pumps are ineligible.
