Tech Talk Seasons:

We understand the difficulty many 4-H families, 4-H leaders and staff are facing changing our 4-H program to a virtual platform. We have an opportunity to form tech support with training seasons in January 2021 to June 2021 from Scott Mautte with our 4-H state office staff. I have personally worked with Scott the last 6 years. He is a tech genius. We can all gain many new skills to help our 4-H youth and expand our 4-H program in our community.

The platform of the tech talk is a space for leaders, teens, adults and 4-H staff, from beginners to experts to get personalized help in working through the challenges they are facing delivering the 4-H in a virtual environment. This time is informal and the content will be created by participants from the questions and challenges we are facing in the virtual delivery.

Hosted monthly from January to June 2021

2nd Tuesday 7 pm - 8 pm

4th Saturday 10 am - 11 am

Registration: <http://ucanr.edu/survey/survey.cfm?surveynumber=32650>
